

CONSOLIDATED FINANCIAL HIGHLIGHTS (Expressed in United States Dollars)

For the Nine Months Ended December 31, 2007

Chairman's Report

The Group recorded pre-tax earnings of US\$145 million for the nine month period ended December 31, 2007, an improvement of 5% over the corresponding period last year. The profit attributable to shareholders of US\$107 million was affected by a higher effective Group tax rate which moved up from 21% to 25%, mainly due to changes to the tax legislation in one jurisdiction, increased provisions for tax assessments and higher taxable income generated by our retail banking entities. As a consequence, diluted earnings per share moved down to US\$0.31, compared with US\$0.32 for the comparable period last year.

Our Retail Banking business continues to perform strongly, with earnings moving ahead of the previous year by 32%. However, the performance of our Investment Banking and Trust and Asset Management business mirrors soft market conditions and profits are lower by 17% and 19% respectively year over year. We expect these trends to continue through Quarter 4.

For the year to date, total assets have increased by US\$0.6 billion or 8%, and now stand at \$8 billion. Loans have grown by 10% or US\$0.3 billion and Customer Deposits by 8% or US\$0.4 billion. Asset quality continues to improve as evidenced by the ratio of non-performing loans to total loans, moving down to 2.3% from 2.9% a year ago. Shareholders Equity has increased by 7% during the period and stands at US\$0.8 billion.

On October 2, 2007, we announced an agreement reached with Royal Bank of Canada (RBC) subject to shareholders' approval, to combine RBTT and RBC's Caribbean retail banking operations. Since then, we have been working closely with the Regulators to finalize the Directors' Circular and other documentation in preparation for a special meeting of shareholders, at which we will seek approval for the transaction. This process has taken longer than anticipated but is now close to completion, and we expect to be in a position to announce the date of the meeting shortly.

NOTES TO THE FINANCIAL **STATEMENTS**

1. ACCOUNTING POLICIES

The accounting policies used in the preparation of these financial statements are consistent with those used in the audited financial statements for the year ended 31 March 2007.

2. ADOPTION OF INTERNATIONAL FINANCIAL REPORTING STANDARDS (IFRS):

The Group has adopted IFRS 7 - Financial Instruments: Disclosures effective April 01, 2007 which introduces new disclosures to improve the information about financial instruments. It requires the disclosure of qualitative and quantitative information about exposure to risks arising from financial instruments, including specified minimum disclosures about credit risk, liquidity risk and market risk. There was no disclosure requirement for the Group's interim financial statements as at December 31, 2007.
